

English

We will be looking at the film clip The Ridge and using this to influence our writing.

We will be writing instructions.

We will be learning how to write a biography and use this to write the biography of a famous artist.

Science

We will be exploring and investigating animals including humans.

Describe the changes as humans develop to old age. identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood

☐ recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function

☐ describe the ways in which nutrients and water are transported within animals, including humans.

Maths

We will be increasing our understanding of place value, and the four main operations by applying them to measurement, fractions, algebra (year 6) and statistics.

We will be developing our fluency, reasoning and problem solving skills through a range of different scenarios.

RE

Our focus for the first half term is Christianity. We will be looking at the role of churches.

- what are churches?
- - why are they important?
- Find out about a local church.
- Why do people visit churches? Why have you visited a church?

Striving to achieve our goals

Summer Term 2020

Inquiry

History

This term we will be looking at events, people and how things have changed over time.

Geography

We will be looking at how places fit together and are interdependent. We'll also be drawing maps to various scales.

Computing

We will be communicating via email and thinking about our audience when creating things using ICT.

DT

We're cooking! We'll look at seasonal ingredients and how they are grown/ reared/ caught and processed. We'll also evaluate our ideas and cooking.

Art

We will be research different artists, craftspeople and architects and designers in different times and cultures.

Physical education

The children will be working on their cricket skills and also looking at various areas of athletics.

Music

We'll appreciate a range of different music from different times and composers, while looking at how different moods can be conveyed in music. We'll also change and control sounds to create our own music.
